Institute of Children's Ministry

In early November a group of leaders from Kentucky traveled to North Carolina for the Institute of Children's Ministry. This biennial gathering provided them with fresh ideas, innovative strategies, and practical tools to better serve the children in our church. We are excited to see how their new insights will enrich our programs and help nurture the faith of our youngest members.

Stewardshift

In November, a group of leaders from Kentucky attended the COGOP StewardShift Conference, a gathering focused on equipping church leaders to be faithful stewards of time, talent, and resources. Our team gained practical insights, fresh strategies, and encouragement to help strengthen our ministries and empower our congregations. We are excited to bring these lessons home and see the impact in our local churches.
